Midterm take home essay due at the start of class **Mon Oct 24**

Write a concise essay of 1000-1200 words on ONE of the following videotapes. Your essay should (1) describe the tape in terms of form and content; (2) analyze how the piece works (narrative, rhythm, purpose, creative decisions by the maker(s), etc.; (3) relate the piece to larger issues in the course such as other works seen in class, readings and discussions, etc.

The tapes are on reserve in Core/Reserve. They circulate for 4 hours. Most of them are contained within a longer anthology, so you will have to search for the start of it.
